

Setting up your Sentinel Learn training account

The whole process works for a new self-registering person. Note – IACSP or the IACSP website admin do not handle passwords or password resets, that is done by the Reach 360 platform.

Once clicking on the link, via the IACSP website, and the following process starts:

1st Step

Enter your email

CSP Certification Online Training Study Guide

The Certified Surveillance Professional (CSP) designation is designed as a flexible, self-paced online program. The CSP Certification Training program includes all the key domains covered in the CSP exam, along with recommended study reference materials to help you prepare.

To support your learning journey, the iACSP will offer webinars and other online training opportunities based on the reference materials listed below, as well as additional resources as they become available.

The CSP examination is available online, allowing you to complete it at your convenience. You can choose the time and place that best fits your schedule to enter the exam.

Resources provided at **CERTIFIED SURVEILLANCE PROFESSIONALS** include:

- Mastering Dummies
